So, fare the well  
My own true love  
I think of you night and day.

Fare well to old Ireland  
Good bye to you balastrant  
No time to look back  
Facing the wind  
Fighting the waves

May heaven protect us all  
From cold hunger and angry swells  
Pray I won't be lost  
Winds in the sails carry me safe

[Chorus:]  
So, fare the well  
My own true love  
I'll think of you night and day  
A place in my mind  
You will surely find  
Although I am so far away  
And when I'm alone  
Far away from home  
I'll think of the good times once more  
Until I can make it back  
Some day  
Here to Paddy's green shamrock shore

Out now on the ocean deep  
Ships noise makes it hard to sleep  
Tears fill up my eyes  
The image of you  
Won't go away

[Chorus]

New York is in sight at least  
My heart it is pounding fast  
Trying to be brave  
Wishing you near  
By my side

As one

[Chorus]
