[Verse 1: childish gambino]

Who the fuck, gambino, this nigga on your tivo?
My hotel cost a kilo, I'm banking like a free throw
Fuck y'all, we a-team, y'all plan b like walgreens
Cop that shit and paint it black, niggas want they
summer back?
Ha-ha, no way, hublots, gold chains
Beans in my hand, girl in the car
She still with her man, but she seeing me tomorrow
Homegirl on that master p, watch us ball like referees
Unnecessary roughness? we just trying to function
Used to sport them filas cause my cousin pack them
heaters
We don't wife 'em like khalifa, we just party then we
leave 'em
Tell 'em that we hittin', we don't really see 'em
My girl look best when she only wear it fitted
Q and 'bino in the house and you niggas in the senate
Get it?

[Hook]

Four thou' on my fit, that's unnecessary
Skiing in japan, that's unnecessary

[Verse 2: schoolboy q]

They say don't buy the belt and I got it
They say don't get the rollie and I bought it
Nigga, I'm balling
My mixtape can get you through college
Getting them dollars
Showing my pearly white teeth, I'm a nigga that's
flawless
Came a long way from jumping out of impalas
Different ski mask from coppers

All of this copper
Knock knock, who could it be? niggas know I got it on
lock
Yock, yock ? rappers better move 'fore the nigga get
dropped
Mr. fly boy, you got your label hot
I'm the hardest out, you's a table cloth
Unnecessary balling, I was carded off
Been fucking with my side bitch so much my main bitch

Hundred racks for three months, man this shit is
outstanding
See now I got her stupid racks, billion, trillion
That's what I call building
'Bino what it do? let's go half on a million

[Hook]

Bathroom dvr, that's unnecessary
I'm pushing in that bulletproof, that's unnecessary
Stunting at the mall, that's unnecessary
Condo on my arm, that ain't even unnecessary
That's unnecessary, that's unnecessary

Pisa for a day, that's unnecessary
Shows a hundred k, that ain't even necessary
