Step back

We all need a little bit of space

And really can you trust that and leave it up to me and  
any other way

Oh, we felt a tale and now we'll watch the sunrise

If it's right this control is golden like the sunlight

Make your move

She fell from the 31st floor and wanting more, oh no  
one saw her move

Isn't that a great surprise? And doesn't that make you  
You know you're just so sure of wanting more, but  
nobody has a clue

You party with a secret smile, doesn't that give you

This taste is bitter except when you finish, all done and  
lying in bed

This isn't too selfish, right?

This isn't right

Step back

We all need a little bit of space

And really can you trust that and leave it up to me and  
any other, and any other way

She fell from the 31st floor and wanting more, oh no  
one saw her move

Isn't that a great surprise? And doesn't that make you  
You know you're just so sure of wanting more, but  
nobody has a clue

You party with a secret smile, doesn't that give you

This taste is bitter except when you finish, all done and  
lying in bed

This isn't too selfish, right?

Make your move

Make your move

Make your move, whoa

Make your move

She fell from the 31st floor and wanting more, oh no  
one saw her move

Isn't that a great surprise? And doesn't that make you  
You know you're just so sure of wanting more, but  
nobody has a clue  
You party with a secret smile, doesn't that give you  
This taste is bitter except when you finish, all done and  
lying in bed  
This isn't too selfish, right?

Make your move, whoa
