Tonight I'll leave the window open to anyone who wants
to come inside

Those words you left unspoken were covered up by an
"Out Of Order"

Sign me up to hold you in my arms all night

I won't say much but I'll show you how I feel

And this is how I feel

(Nahhahahah Ooohooh, Nahhahahah Ooohooh)

She opened up the door, walked out onto the floor

The faint scent of her hair had me ready for more

A conversation like this should never exist

About leaving home and relationships

And I'm falling fast, slow it down, try and relax

And your feeling trapped, so take what is said, take it
away

Tonight I'll leave the window open to anyone who wants
to come inside

Those words you left unspoken were covered up by an
"Out Of Order"

Sign me up to hold you in my arms all night

I won't say much but I'll show you how I feel

Well, I woke up today with the promise you made

And the smile on my face the I won't break

With each flex of my wrist, my hands on your hips,

And this kiss on your lips that you won't miss

Oh, no

I'm watching you close tonight

Save your poor excuses for your friends

You know you wanted this

You know you needed in

For all those times we felt like just being ourselves, it
wasn't enough

Open up your eyes and see that you're all I need

Tonight I'll leave the window open to anyone who wants
to come inside

Those words you left unspoken were covered up by an
"Out Of Order"

Sign me up to hold you in my arms all night
I won't say much but I'll show you how I feel
