Even death will never tear us apart.

Go, you move, we go, now don't go
You me we don't, now go.
Now don't you move, we won't go, now don't go, go.

I thought the way that she moved meant the way that
she tasted.
I could rip the seams right through her lips.
A captivating experience that's left me here with an
intoxicating kiss.
I'm down on thought you say.
You're becoming so the same.
One check, one love.

But tonight, I'm setting all my memories aside.
How many times can we watch him crumble?
Histronics repeats itself all over again.
If it were up to me you're gone.
I've been dying to get it into you somehow.
One check, one love.

Go, you move, we go, now don't go.
You me we don't, now go.
Now don't you move, we won't go, now don't go, go.

Found out the way that he moved.
Found out the way that he tasted.
Then he ripped the seams right from her lips.
Never thinking the first time that they met would be the
last she saw of him.

How many times can we watch him crumble?
Histronics repeats itself all over again.
If it were up to me you're gone.
I've been dying to get it into you some how.
One check, one love

How many times can we watch him crumble?
Histronics repeats itself all over again.
If it were up to me you're gone.
I've been dying to get it into you some how.

One check, one love.
