With all due respect
I'll never neglect your targets
And with each and every breath
I'll make sure we take the right steps to getting you on
to me
To get you on to me

I'd rather make you come than go (I'd rather make you
come than go)
I'd rather make your body feel incredible
So come on and get comfortable (and can I make you
comfortable?)
As I she'd off almost every other inch of your clothes,
yeah

I'll slip you out of that dress
You know I'm making a mess of all of this
And with each and every breath
I'll make sure we take the right steps to getting you on
to me
To give you all you need

I'd rather make you come than go (I'd rather make you
come than go)
I'd rather make your body feel incredible (make your
body feel incredible)
So come on and get comfortable (and can I make you
comfortable?)
As I she'd off almost every other inch of your clothes,
yeah

And we're making out faster than we had planned on
And you're having doubts so I have come prepared to
Take over and doubt of both of our hands
I will prove to you that we're overdue and hopefully you
understand

I'd rather make you come than go (I'd rather make you
come than go)
I'd rather make your body feel incredible
So come on and get comfortable (and can I make you
comfortable?)

As I she'd off almost every other inch of your clothes,
yeah

I'd rather see you come than go (I'd rather make you
come than go)

I'd rather, I'd rather make you come than go (I'd rather
make your body feel incredible)

Can I make you, can I make you comfortable? (So come
on and get comfortable and can I make you
comfortable?)

As I she'd off all your clothes (As I she'd off almost
every other inch of your clothes, yeah)
