Baby let's just wait a minute
You're moving fast so let's not forget that
This is your first impression of a guy like me
While you've been loving this connection I've been
trying so desperately
To find a reason why I'm still around
But it feels so good and I can't-give it up
My instincts say I should be leavin'
But the way that she touches my body begs me for
more

I can't fight the temptations
Her lips and her kiss is enough to persuade me
In a heartbeat, baby I'm back on my feet
She drives without her seatbelt
When I'm in the backseat

She's in love with her reflection
Every chance she gets
Back to fixing her complexion
Oh my dear what's next?
She's a beauty queen with every single boy that she
sees
No she doesn't stop there and I just can't figure out
why

I can't fight the temptations
Her lips and her kiss is enough to persuade me
In a heartbeat, baby I'm back on my feet
She drives without her seatbelt
When I'm in the backseat

Because a kiss on the cheek would be so damn good
But now I'm grabbing her hips like I know I should
The love we give and the love that we make
Are two very different things
Hit the gas grab the wheel

Whoa, Whoa

I can't fight the temptations
Her lips and her kiss is enough to persuade me

In a heartbeat, baby I'm back on my feet
She drives without her seatbelt
When I'm in the backseat

She drives without her seatbelt
When I'm in the backseat
