Drop to the floor
Waking up in bathroom stalls
We came up on this city
And we'll never give it up

Late nights, driving with the speakers blowing out
We're singing songs, playing on the radio
Just looking for adventure and whatever comes our way
We'll take it on, living like our last day

On and on, let's keep this story living on and on
Cause there's a message in a bottle
And it's written in our blood
It'll carry on and on
On and on

Breaking the rules is what we're best at
We'll never take rest, risking every consequence
We get our high, through the thrill of the chase
But it's never enough, so we live it like our last day

On and on, let's keep this story living on and on
Cause there's a message in a bottle
And it's written in our blood
It'll carry on and on
On and on

Drop to the floor
Waking up in bathroom stalls
We came up on this city
And we'll never give it up (give it up)

On and on, let's keep this story living on and on
Cause there's a message in a bottle
And it's written in our blood
It'll carry on and on
On and on
