So give me just one more chance to kiss your lips
To keep me satisfied, I'm holding on tonight

So take off your shoes and listen to the words I have to
say

I've got more advice to last the night of emptiness
Oh say, I've got important questions on my mind
If I ask you oh so truthfully, will you promise not to lie
Promise not to lie

Just one more chance to kiss your lips
To keep me satisfied I'm holding on tonight
With every second that we share
I'll be right there beside you

Now here's a rule of thumb
You take no second chances
Don't be afraid, I just hate the way you're keeping me
around
Oh no, I've lied to you again
Here we are once more
I'm at my knees, begging you to stay

Just one more chance to kiss your lips
To keep me satisfied I'm holding on tonight
With every second that we share
I'll be right there beside you

So here I stand, alone
So broken down, I'm waiting for your phone
Call all your friends
To tell them you're so deserving
Well, I don't deserve you
So give me

Just one more chance to kiss your lips
To keep me satisfied I'm holding on tonight
With every second that we share
I'll be right there beside you
I'll be right there beside you
I'll be right there...
