You look gorgeous in your dress
lovely, fit enough to kiss
there's a stranger in the room
turns the page to face the groom
i will love you more, i'll love you more than someone
else
speak now or forever hold your peace, love
there's no peace on your own

i want it to feel, i want it to feel like love
i want it to heal, i want it to heal
i want it to feel like love... like love

the bride is dancing in the hall
when a lover's toast is called
eyes shine with ecstasy
i wait for ours to meet
i will love you more, more than a trophy on a shelf
speak now or forever hold your peace, love
there's no peace on your own

i want it to feel, i want it to feel like love
i want it to heal, i want it to heal
i want it to feel like love... like a drug

she takes her heels off in distress
poison brings his mind to rest
she rushes to his side, shaking lips move to confide
"I will love you more, more than i'll ever love myself"
speak now or forever hold your peace, love
there's no peace on your own
