

The Hint "Two Oceans"

Your only son
Armed to the teeth, carrying a gun
Your only son, the one you loved

He'd give his life for a nation that's forgotten him
And in his wake
Armies invade across the ocean

To carry on
(We'll carry on two oceans long)
Two oceans long
(We'll carry on two oceans)
Why can't you, why can't you just give in?
(Defeat the enemy)
We'll punch right through to carry on

A price so high
A mother falls and cries

A price so high, a precious life

A child is torn apart when the bombs fly
Lord, take them away
Armies invade across the ocean

I've not forgotten them, no..
