

The Hint "Under A Blue Sky"

I travel to a new place
it's just another city
seems so empty
like a church with people that don't care about what you
do...
a misfortune to the people who pursue love

i'll leave it all behind
no need to say goodbye
i hold it all inside
under a blue sky

i could fall out from my window
the cold cement my pillow
would you hear me fall?
would i waste your time?
i make a symphony of people
they never play in time
and i show them their lines and they move on...

i'll leave it all behind
no need to say goodbye
i hold it all inside
under a blue sky

here i am again on my own
here i am again alone

under a blue sky
