Lovers lost we were tossed in the ocean
will to survive was the only emotion
thrashed about, we got lost in the waves
washed ashore, you've been missing for days

i lost you once before
now i'm hoping what you're searching for is home

where are you now?
i'm lost without you
see i'm stuck on the ground
and there's nothing but sound...

back to the beach now i stand in the ocean
waves crash and i'm filled with emotion
stand still with the tide rushing in
i'd go back again if i knew how to swim

i lost you once before
now i'm hoping what you're searching for is home

where are you now?
i'm lost without you
see i'm stuck on the ground
and there's nothing but sound...

so lost without you
where are you now?
