So let me introduce myself
I'm a mess
Master of success out of dirt
Under skirts, tell your girl
Cause we're taking you out on the town
And you ain't ever coming back

I am Rock and Roll
The son of sex and drugs
Cause it's your daughter that I want
And it's the sex and not the love
So come on

So now I made my choice,
Can't ever take it back
I packed up all my things
I'm moving to the West
So that someday I can just sleep in my own bed
Without all of your smoke rings wrappin around my
head

So now I'm climbing this mountain to see
What I thought that I smelled from the sea

Don't blow smoke rings to the west
So that I can rest my head
Don't blow your smoke

BOOM!

So now I climbed that mountain
To see what I could see
But all I saw was pretty young girl
Sitting on her knees, she's sayin'

Come on cowboy, don't ya back down
You got a pistol and bullet with my name
"so I'm a cowboy, never back down
I got a pistol and bullet with your name"
