[Spoken intro:]

I've got something on my mind  
I wanted to say for quite some time  
I think you know what I wanna say  
'Cause I'm sure it's bothering you, too.  
You've got me so involved a little too deep,  
And you can't find a way to work it out.  
Well, I go on hung as far as I can,  
And it's time to come for us to talk it out.  
I'm sure she wants to know, too.  
Just what you intend to do?

Won't you be man enough?  
Oh, just let me know

[Chorus:]

Who's it gonna be?  
Her or me?  
Love can't be shared by three  
You've got to set one of us free  
(2x)

You can't be toying with my heart  
This triangle must be torn apart  
'Cause I can't go on fooling myself  
I'm so unhappy knowing there's someone else

Have a little mercy on a woman in need  
Don't tear my life up if you don't wanna be with me  
Let me know (let me know)  
Let me go (let me go)

Did you say the same thing to her that you said to me?  
Are you touching her like you're touching me?  
Which one of us you need?  
You've gotta make a choice, you gotta choose  
I'm wondering and worrying  
Upset and confused  
Was it something I said? What have I done wrong?  
If the feeling's gone, don't keep me hangin' on  
Tell me

[Chorus]

Mmmmmm-mmm-mmmm  
Mmmmmm-mmm-mmmm  
Mmmmmm-mmm-mm-mmmm  
Mmmmmm-mmmmm-mmmm

I'm sharing your loving and kissing  
And I can feel the joy I'm missing  
She come between us like a brick wall  
I'm afraid one day it might fall  
It would hurt me if I lose,  
But it's time for you to choose

[Repeat Chorus]
