"A Shot"

Some salt,
And a lime,
It works every time,
Guess what!
I'll drink another shot!
Guess what!
Just one more little shot.

Pass one to me,
One more - I'll do me
Just count one-two-three,
And give me a shot!

It wasn't my fault,
So please, pass the salt
Guess what!
I'll drink another shot! Yeah, guess what!
One teensy-weensy shot!

I guess what blew me,
How she lied to me,
So pass one to me,
Come on and give me a shot!
