Some years ago I was drinkin' pretty heavy,
I went and fell and broke my skull in two,
And now, babe, I see things kinda different,
And this is is what I see when I see you...

I see the prettiest girl a guy could see,
And if that isn't good enough for me,
I see two
I see two
I see two
Them doctor's say I'm left with double vision
But I ain't about to let that make me cry,
'cause kissin' you is like kissin' two lovely women,
and for us to be alone I just close one eye!
I see the prettiest girl a guy could see,
And if that isn't good enough for me,
I see two
I see two
I see two.
Now and then this vision's got its drawbacks,
And there ain't much that I can do 'bout this,
Like when I come to meet you at the station,
I purse my lips, open my arms and miss!
