I know that look in her eye
The stare that says you'll remember me
And it's just a reminder
Her way to say 'I'll never set you free'
Another magical moment
Just for the thrill of the chase
There's nothing that could save you
Emergency! emergency! I need a kiss to remind me
A modern day great tragedy
With all the lines written for me
Curse this chorus, curse this verse, I'm out
Emergency! emergency! I need a kiss to untie me
Don't even bother to trace this
Do you follow? Are you listening?
All of us guilty as sin
We're lawless yeah blamed for everything
So would you scream for your safety?
Dropping yourself to your knees
There's nothing to say that could save you
Would you come back for me
If I don't get out?
Soften the blows
With that taste in your mouth?
I know it's bitter and I know it hurts
The sweetest tooth gets the just desserts
