Everybody's crazy  
As far as I can see  
But that's not me

And kids these days, they're lazy  
Want everything for free  
But that's not me

And the temperature's the same  
When you dip your toe into the icy lake  
As when you dive in  
Dive in

Everybody's chasing  
Someone else's dream  
But that's not me

And nobody is facing  
What all of that could mean  
But that's not me

And the temperature's the same  
When you dip your toe into the icy lake  
As when you dive in  
Dive in  
Dive in

Dive in  
Oh, oh...  
Dive in  
Oh, oh...  
Dive in  
Oh, oh...  
Dive in  
Oh, oh...
