I confess you caught me out
I'm not too young to work it out
Spilling all your lies and what do you expect
No excuse, no excuse

No questions hold your tongue
For tonight you'll be the one
Lets take it in our stride
Coz the world, the world, the world is ours tonight

We go tonight to be together
We got tonight
We got tonight
We go tonight to be together
We got tonight
We got tonight
We got tonight

You wana talk lets talk it out
I'm not too young to work it out
Spilling all your lies and what did I expect
I don't care if you don't care

No questions hold your tongue
For tonight you'll be the one
Lets take it in our stride
Coz the world, the world, the world is ours tonight

We go tonight to be together
We got tonight
We got tonight
We go tonight to be together
We got tonight
We got tonight
We got tonight X2

WOAH...

No questions hold your tongue
For tonight you'll be the one
Lets take it in our stride
Coz the world, the world, the world is ours tonight

We go tonight to be together
We got tonight
We got tonight
We go tonight to be together
We got tonight
We got tonight
We got tonight X2
