"On The Lash"

Feel like something's always been wrong.
Love of life is hitting way too strong.
May be we were born too late. May be not born at all.
Lets try and cure your latest pains.
Prescribe the life that's driving me insane.
Tragic turn of fatal flaws. My heart's burnt to black.
Feel like the storms come to cut me down.
On the lash, it's time to get the hell out of this town.
Attention spans a moment's escape.
These escapes they come so small.
Tragic turns and curses the walls.
Mine ain't coming back, but I can fake it.
All the best learn to live life like a vampire.
And tell their stories to the campfire.
Doesn't everybody know they gotta lose themselves
once in a while?
Sleep all day just to kill time. Let the sun slide out of the
sky.
Doesn't everybody know?
I can feel it. Can't you feel it now? Feels like stealing.
Come on lets start the healing. Gimme feeling.
