Fell down this old road and I don't care if you roll on  
your sides.  
I seen a ghost in the future; sometimes it gets hard to  
hide.  
If you need something don't let me know.  
Subtle substance control turns to overflow.  
I gotta get my connect.  
I saw her in the bathroom drinking vodka.  
She must have been a sweet nothing.  
Dope lets her slide looks she can't hide.  
Heroin hands can't keep her clean.  
She needs another way out.  
Let's drink until we cum. Later on we're sailing on.  
It gets to you when I say this stuff but I know what I'm  
doin.  
Just ask me what I'm doin.  
We are alone. We are together. Fashionably numb.  
Drive this town into the ground.  
Lose the places that we found. Together.  
There's never nothing right. There's never nothing.  
Lets stay connected. We are alone. We live together.  
Fashionably numb. Perpetually spun.  
Seen you breathing out your eyes. Surprise.  
We are alone. We live for never. Forever.
