You don't think this will last  
So I've left you in the past again  
And I'm chasing the exit  
It always gets away  
So what's worth leaving this place?  
Will I ever see your face again?  
'Cause I won't be reminded  
That I can't sort this out  
She keeps falling in love with these strangers  
When I'm falling in love with her  
Now I'm not looking back  
'Cause it's best to face the facts instead  
Until you call me up and agree  
That things will change  
Am I lost in my regret?  
Could I make a different ending?  
Will you be the one to remind me that  
I can't fix this mess?  
She keeps falling in love with these strangers  
When I'm falling in love with her
