If I told you that
That I fucked your best friend
Would you even listen?
Or slap me in my face, turn and walk away
If I told you that
That I burned all your money
Would you stand and watch me?
Or throw me on the flames, turn and walk away...

I can't believe how this turned into be something
So hot at first, now I'm falling asleep inside
You got anything inside? Oh...

It's too late
I can't take another minute awake
What I'm feelin'
It ain't lovin' or hate
Yes baby you bore the shit out of me...
Cause it's too late
I can't take another second awake
What you're givin'
It ain't workin' for me
Cause baby you bore the shit out of me...

If I made you think
You were never really that good
I'm sorry but it felt good
Tryna get you to react-act
Want you to react-act...

I can't believe how it turned into be something
So hot at first, now I'm falling asleep inside
You got anything inside? Oh...

It's too late
I can't take another minute awake

What I'm feelin'
It ain't lovin' or hate
Yes baby you bore the shit out of me...
Cause it's too late
I can't take another second awake
What you're givin'
It ain't workin' for me
Cause baby you bore the shit out of me...

I wish you'd wake up
Cause all I need is a lie
All I need is a lie
Yes I... wish you'd wake up
Cause all I need is a lie
All I need is you...

It's too late
I can't take another minute awake
What I'm feelin'
It ain't lovin' or hate
Yes baby you bore the shit out of me... (Bore the shit out of me...)
Cause it's too late
I can't take another second awake
What you're givin'
It ain't workin' for me (It ain't workin' for me...)
Cause baby you bore the shit out of me... (It ain't workin' for me...)

Ooh ay yeah...
Ooh ay yeah...
Wish you'd wake up, yeah...
Ooh ay yeah...
Ooh ay yeah...
All I need is lovin' baby
Ooh ay yeah...
Yeah, yeah, yeah, yeah, yeah...
Ooh ay yeah...
Yeah, yeah, yeah, yeah, yeah...
Ooh ay yeah...
Ooh ay yeah...
