My body is dissolving
I can taste it in my mouth
the door is revolving
I cant find my way out
It feels like you killed me
My lungs are airing out
I don't need you to tell me
That it's over now

Yes I feel the pain
I know it might suprise you
That i feel this way
Can you see it in my eyes too
when the beds are burned
And the tables turned
There's nothing left for you
To do but, you to do but

Execute me
For you i'll take a bow
Execute me now
Execute me, execute me
Execute me now
Come a little closer now
I'm ready to take a bow
Execute me, execute me, execute me now
now now now now
now now now now
now now now now

I'm six feet under
I dream of sunny skies
But rain and thunder
Keeps messing with my mind
Yes I feel the pain
Cause i can't survive you
I'm not so insane
I'm as hard as memorised you

when the beds are burned
And the tables turned
There's nothing left for you

To do but, you to do but

Execute me
For you i'll take bow
Execute me now
Execute me, execute me
Execute me now
Come a little closer now
I'm ready to take a bow
Execute me, execute me, execute me now
now now now now
now now now now
now now now now

Let me be
Let my senses bleed
There's nothing left to me
So go on
Let me be
Let my senses bleed
There's nothing left of me
So go on (2x)

Execute me
For you i'll take a bow
Execute me now
Execute me, execute me
Execute me now
Come a little closer now
I'm ready to take a bow
Execute me, execute me, execute me now
now now now now
now now now now
now now now now
