Look deeper inside  
And you will find a tainted soul.  
Sometimes it makes me lose my mind  
When I can feel it taking over me like I  
Can't come up for air  
Because it's pulling me under.  
When it gets lonely in here,  
I want you there It's no wonder,  
i  
Because you're making me wanna change,  
You make me open my heart again  
And I can't help believe in it when you say,  
It's you and me forever,

You and me forever,  
I'm always gonna be right here.  
Me and you forever,  
I always wanna feel you near.  
You and me forever,  
And I'm feeling so alive cause

Go deeper inside  
And maybe there's a tainted soul.  
But it feels better now cause I,  
I've let you in to make me whole  
Again.  
Nobody shivers, I'm letting go  
Of all I used to be cause I know  
That I can't help believe in it when you say,  
It's you and me forever,

You and me forever,  
I'm always gonna be right here.  
Me and you forever,  
I always wanna feel you near.  
You and me forever,  
And I'm feeling so alive this way  
You and me forever.

Now, even if we hurt each other so  
And even if I lie, you just close your eyes and let it go.  
You're not afraid to let all your feelings show  
Cause baby, you're the one, one, one, one.

You and me forever,

I'm always gonna be right here.  
Me and you forever,  
I always wanna feel you near.  
You and me forever,  
And I'm feeling so alive cause we're  
You and me forever.  
Ee, yeah, oh, oh, oh.
