Nothing left for me to say  
There's no more wicked games to play  
It's time for me to walk away  
I am allright  
I feel like I'm on a high  
A new beginning that is my life  
I'm turning to the rythm of the night  
I am allright  
The music is making me growing  
The only thing that keeps me awake is me knowing  
There's noone here to break me or bring me down  
And noone here to hurt me or fool around  
I have no more time for you to hurt my feelings  
Done enough to prove I'm all that I believe in  
We are at the end no more stupid lies  
I'm better off without you here by my side  
So no there is no longer you and I - you and I  
You and I - you and I  
You and I - you and I  
You and I  
There is no longer you and I - you and I  
You and I - you and I  
You and I - you and I  
You and I  
Don't care what other people say  
I know you fool around all day  
Now it doesn't hurt me anyway  
I am allright  
And when the day turns into night  
I'm in a club forgetting you and I  
And when I think of how you treated me  
You proved me right  
The music is making me growing  
The only thing that keeps me awake is me knowing  
There's noone here to break me or bring me down  
And noone here to hurt me or fool around.  
I have no more time for you to hurt my feelings  
Done enough to prove I'm all that I believe in  
We are at the end no more stupid lies  
I'm better off without you here by my side  
So no there is no longer you and I - you and I  
You and I - you and I

You and I - you and I  
You and I  
There is no longer you and I - you and I  
You and I - you and I  
You and I - you and I  
You and I
