You make me feel so unreal
I want to live, understand
In our lies and not to fear
The ones you say
RIGHT

Your overrated on a system
But you keep insisting
That even way back then, you should have been a ten
I was just a sucker punk
Tryin to get a nut, once I got you - forgot you
I will leave you high and dry
So high and dry your fucking dirty, sweaty clothes are
gonna dry
I don't mean to diss, I really wanna kiss
But not to go through this again

You could make me feel (make me feel)
I can walk away (walk away)
Even in life
From the ones you say
RIGHT

And then your constantly persisting
Pissing on the system
Trying to conflict, but you can suck my dick
Now that I got you - completely forgot you
Maybe I am just a prick
But a prick that you picked and then thats what you
licked
Not to be a diss, I don't wanna kiss
Nut you can suck on this again

You could make me feel (make me feel)
I can walk away (walk away)
Even in life
From the ones you say

Tonight...tonight

But tonight, I've reached another height

Sometimes I can come appear
Sometimes I can watch from here
And waste away
Sometimes I can come appear
Sometimes I can watch from here
At the real you

This is how you want it to be...you wanted it
This is how you want it to get...you wanted it
You can make me feel
