Now we're spinning in a circle
Around and I don't know which way to go
Found a place and now you're calling
Me down am I'm too afraid of falling

Where am I running around this circle
And I can't break free
To clarify all the hesitation
Deep inside of me now

Wondering is it all worth waiting
Hoping now, anticipating

Now you say that you've decided
I'm not ready, I'm divided
Reeling in a world where we've collided
Holding onto this somehow

My words are feeling hollow
You're bound for proof that you can follow

Where am I clinging to this circle
And I won't break free
I'm terrified holding to a vision
That I just can't see now

Wondering is it all worth waiting
Hoping now, anticipating

Now you say that you've decided
I'm not ready, I'm divided
Spinning in a world where we've collided
Holding onto this somehow
Holding onto this amount

Now I feel we're sinking too low
We drown trying to get this ship to float

Where am I sinking in this circle
Has it swallowed me up
I've barely tried swimming where I've fallen
In this sordid sea now

Wondering is it all worth waiting
Hoping now, anticipating
Spinning, swirling in this eddie
Can't you see this ship is ready

Now you say that you've decided
I'm not ready, I'm divided
Reeling in a world where we've collided
Holding onto this somehow.
Holding onto this amount.
Holding onto this somehow.
