Letters they make words or they start fire to burn
Na na na oh
But it can't touch me or you cause we're covered by
light
Na na na oh

Don't worry our love conquers all (baby you and I)
We will climb above this, we'll fight with our hearts, our
hearts
Cause tell me, tell me who are they, to tell me, who are
they
And why should we care what they have to say 'bout us

When they don't know nothing, nothing
They don't nothing about you and I
They don't know nothing, nothing
They don't nothing about you and I
They don't, they don't, they don't know
They don't, they don't, they don't know

The best of part of life is figuring it out
Na na na oh
We know they're talking about us but we can't hear a
sound
Na na na oh

Don't worry, our love conquers all (baby you and I)
We will climb above this, we'll fight with our hearts, our
hearts
Please tell me, tell me who are they, to tell me, who are
they
And why should we care what they have to say 'bout us

Cause they don't know nothing, nothing
They don't nothing about you and I
They don't know nothing, nothing (they don't know)
They don't nothing about you and I (they don't about
you and I)
(About you and I) They don't, they don't, they don't
(About you and I) They don't, they don't, they don't
know

They are aiming straight for us
It's no use, this love's bulletproof, yeah
They are aiming straight for us
It's no use, this love's bulletproof, yeah

They don't know that they don't know nothing
(Bulletproof yeah)
They don't know that they don't know nothing (yeah)
But we'll show them, yeah we'll show them, we will
show

When they don't know nothing, nothing (they don't
know)
They don't nothing about you and I (about you and I)
They don't know nothing, nothing (they don't know
about us)
They don't nothing about you and I (about you, about
me)
They don't, they don't, they don't (they don't know)
They don't, they don't, they don't (they don't know)
They don't, they don't, they don't (they don't know)
They don't, they don't, they don't (they don't know)
