Crawl out my eyes and I
Feeling the sound and I
Get my feet, get my wrists
Off the ground and I

Needed to say nothing
No more to give ya
No more to tell ya
You curl up the blood in me

I want them all an I
I want them all an I
I want them all an I
To send the sea back out

Get off the sidelines
Just put ya feet forward
Get in my eye line and
Sprawl out ya chains

You got a love like Semtex
Bring it to me, bring it to me, bring it to me
You got a love like Semtex
Bring it to me, bring it to me where I can see

Get in between all the
Good and the wrong ways
You make the floor move
In all of my hallways

We got it sweet now
Ain't nothing calling
I'm at your feet now but girl
I'm still falling at ya

I want them all an I
I want them all an I
I want them all an I

To send the sea back out
Bring all your heat now
And make my skin burn

Ya make my fingers turn 3000 degrees

You got a love like Semtex
Bring it to me, bring it to me, bring it to me
You got a love like Semtex
Bring it to me, bring it to me where I can see

Get off the hand rail
Step onto my train
I think this calling has
Been falling for an age now

Don't ever see why we
Have to live lies
We ain't so sick, we're just
Part of the list

You got a love like Semtex
Bring it to me, bring it to me, bring it to me
You got a love like Semtex
Bring it to me, bring it to me where I can see
