[Hook - Rick Ross]

Poof, they go the car,

[Meek Mill]

Could you knock that hoe

Could you blame that bitch

Cause you wanna roll with a real nigga like me

Then go and suck that dick like hoe to a fiend

Fuck throw on a lean, take long on a perk

Mad hoe on the beam, still money over these hoes

Got whites on my clothes, and blood drips on my sneakers

Nigga you hating on me, she chose

And i ain't fucking your girl she role

? Did everything that she pose

I pull my camera out she posing

And i was like god damn, drop that, pop that

Got a top back, on a drop back, i'm back

In a glock ? I'm strapped ?

You got that, got that ?

Got racks, y'all niggas ain't bout that, bout that, life
