It may not mean nothin to ya'll,
I can see it n dey faces dat dey want me to fall,
Dey like [?] by da rim, shit dey don't want me to ball,
Cause all dem lil bad bitches I be fuckin em all,
I want dis shit forever,
Haters tried to take my life n stop my heart but I'm too
clever,
Kill me never, Haters shine I prosper,
Dey just wanna be me but could'ntsee me with
binoculars,
Rappin ass niggas built for TV need a oscar,
N I ain't talkin DeLahoya, but if I was den I'd b Hopkins,
Eww first name strongest, last name stronger,
Flow so cold listen to it catch pneumonia,
Diesel n da air we don't touch da arizona,
Diamond studded yellow bright lit lookin like corona,
Ahoma da face blue n yellow like Melo,
N my chain multi colors lookin like it's frozen jello,
Hello, steady eatin money for a meal,
Drinkin rosay for a beverage,
Let me get some leverage,
When I was locked down I was million dollar schemin,
Rolls Royce dreamin, microphone feinin,
I mean it,
Hungry like dis rhymer down n [?],
N I ain't [?],
But god keep me [?],
19 years old n da hole,
Watchin my dreams shatter dat all my goals,
Don't fade away like 4th quarter past da 23,
I go hard like I took viagra before I got the beat
