Beautiful beautiful beautiful, beautiful beautiful
beautiful
All I'm saying is you could run away with me so we can
be together
On a tiny little island hanging out on the beach,
yeah we'll remember this forever

[Chorus]

I didn't know how good good good it would be
Until I got here now I never want to leave
On a tiny little island hanging out on the beach
It's you and me and me and you all summer

This is my first time I've never done this before,
I've got a 747 ticket locking up the door
I got a backpack full of stuff I probably won't need,
we're meeting at the airport a quarter to three
Philly international I wave goodbye,
for the next few weeks I'll be living the life
Didn't know if it was worth it but I'm finally here,
what was wrong with me boss, sing a long with me ya'll

[Chorus]

I didn't know how good good good it would be
Until I got here now I never want to leave
On a tiny little island hanging out on the beach
It's you and me and me and you all summer

Miami beach, Collins Ave
Watching the Lamborghini's and Ferrari's pass
Sipping mojitos, 'Tron margaritas
Posted on the strip, we like the parking meters
I'm wasted, she wasted too
I love being wasted and the things it make us do
She calling me baby, I'm like let's make a few
And after this we at Cabo and to Jamaica too
Living the life, living it nice
If you living with me, then we living it right
