[T.I.]

I'm ridin' Dodge, I'm ridin' by  
On the westside which side am I?  
Beemer 760i, Try me, let off 60 shots  
Again we got the city hidin'  
Poppin' like it 'posed to be  
Hoes who not menaging got no business standing  
close to me  
So cold, a ferocious G,  
You niggas aint as dope as me, mind you f-ckin'  
business  
Watch ya mouth when you approaching me  
I f-ck with hoes who f-ck with hoes who pills and powder  
socially  
I like em or love 'em though, cold heart emotionally  
? where the ocean is  
Ridin in a ghost again  
Slap you with a lot of spit until she swallow all of it  
Call the shots, run the shit  
On some big money shit  
Serious 'bout my hustle all these cowards on that funny  
shit  
Rappin' 'bout a bunch of shit  
And you aint even done it yet  
You the one they gunnin' at  
How I'm 'posed to honor that?  
You all talk dawg, flow and I aint having none of that  
I'm big boss dawg floss all day, run it back

[Meek Mill - hook]

Bitch, I'm a BOSS!  
Bitch, I'm a BOSS!  
I'ma boss, I'ma boss

Now where my muf-ckin' crown?

[Swiss Beatz]

You a boss, You a boss  
You don't care what it cost  
You just buy that muthaf-cka and you throw that shit  
on?  
You keep poppin' them tags  
We just throw it in bags  
And then we hit the f-cking block, we be dropping them  
rags

[Meek Mill]

Started with a dollar, turn it to an M  
Used to ride Impala, turn it to a Benz  
Niggas used hate me, turn into my friends  
You should see how people treat you when that money  
coming in  
Bad bitches callin' cause I'm ballin'  
And these niggas hatin' on me cause they starving  
and I'm parking Aston Martin's where they walking  
These niggas ain't important, they informants really  
talking  
when the people get to honking  
I'ma a boss, really, Nino or Al Pacino  
Hundred racks on his Rollie, he light up like a casino  
Niggas really be fraud, I'ma keep it a c-note  
Got jewelers down in Miami  
They throw it like Dan Marino

[Rick Ross]

Had a couple seizures, call it minor setbacks  
Everybody praying for me, I respect that  
Woke up in the hospital, where my checks at?  
Then I put 8 chains where my necks at  
Hopping in the Ghost I feel I'm dead set  
Worth 40 M's so respect that  
I put all my jewels on just to bone ya chick  
You know the boss well known for leaving bonuses  
We making money, may it marinate  
When the work clean, cut it like it's carrot cake  
D-boys love the way I narrate  
I still whip it like it's Anna Mae (HA HA)  
Remember momma had a cavalier  
Now she living like a Cleveland Cavalier  
Better check the stats, we filling arena's  
And I got the gat's, Gilbert Arena's

[Hook]

[Swizz Beatz]

You a boss, you a boss  
75, 7 showers on her  
Spend about 13 hours on it

757 with the showers on it  
We spent about 13 hours on it

[Lil Wayne]

Look, I be probably on my skateboard, tryna learn a  
new trick  
I just f-cked the avatar, now I got a blue dick  
Money talks, bullshit walks if the shoe fit  
You pushing up daisies, daffodils, tulips  
I'm in my zone, I'm Angie Stoned  
I point the pistol at you like a camera phone  
I'm Young money, cash money, I'm not human  
Boy, I'm tryna get money money like Mark Cuban  
If she don't respect me, she gon respect this dick  
The World is an asshole and we the next big shit  
Damn right I gang bang, tell 'em blood up slime  
F-ck, I had to say f-ck one time, get it?

[Birdman]

When I came up in this bitch I was shining every  
summer  
Cook the whole thing, the young nigga doing numbers  
Tote two nines, iced out stuntin'  
Candy on the ave, candy on the slab  
Hundred G's nigga, Cash Money millionaires  
Hundred mill nigga, how we flipped it off the ave  
Blood rich gang, you know we filled it nigga  
The money do swing behind a killer nigga  
Catch me uptown puttin' it down  
Moving all around, new fleets with my round  
Touch another town, puttin' it all down  
Pop a hundred bottles bitch, we wear the crown
