chorus

you abandoned me, love don't live here anymore.
Just a vacancy, love don't live here anymore.
you abandoned me, love don't live here anymore.

heart colder than chicago, middle of december cause
my life is like a slideshow.
fast as its coming as fast as its going, my friends & the
women like my money just blowin'
in the wind damn thought they was rollin till the end.
my mama told me them niggas wasnt rollin up again.
so its blood over water, family over a friend.
too much water will drown ya, that blood flows thru
your skin.
that blood flows from your heart told me go for the
start
and if you turn off my lights i bet i glow in the dark.
i bet you i shine bright, bright as a prom night.
them youngin's they tryna murder them niggas aint
tryna fight.
cause mama was never there father they never met, so
love dont live there.
they shooting or better yet, they scheming instead of
dreamin, murkin instead of workin
they locking them in them prisons but really those
youngings hurting now.

sell her anything she wont feel it like its thin air.
she done heard everything you could drop a pin there,
and shed prolly hear it.
lookin in the mirror, staring at her reflection and it
scares her.
everytime that she crys feeels like nobody hear it.
devil ALL in the air hes wispering hes there, she hear
him.

everybody frontin on her like shes rosa parks, tryna
push her in the back where it was dark.
shes like a goldfish they got her swimmin with the
sharks.
a year later found her murdered lying in the park.
