[feat. NH]

Realest shit you ever seen!  
This the realest shit you ever seen!

This the realest that u ever seen yeah  
Ride hard so clean with my seat back,  
Blowing money like I never even seen that  
Blowing money like I never even seen that  
Blowing money like I never even seen that

Yeah  
I blow this money like you never seen it  
Felony flow  
You niggas is misdemeanors  
When I was broke I used to walk I had a rich demeanor  
Shawty said I make her pussy wet that bitch katrina  
Last week I blew like twenty for the hell of it  
Bloodhound, I find that money just from smellin it  
Pick your drug of choice, I bet you I was selling it  
Addicted to that money roll a hundred start inhaling it  
I'm burning papers like I'm wiz khalifa  
And if this rappin ever fold I still could get it cheap  
You know the feeling when you burn a hundred in a  
week,  
Turn a nigga out just like the first time when he hit a  
freak  
Eenie meenie miney moe pick a chick and dick her  
down  
Maybach in the building money everywhere you look  
We'll been on the top floor,  
Hater we ain't lookin down  
Lil p up in the kitchen, look at me, I'm cooking now!  
I'm cooking up and whippin white the money I'm a  
spend it now  
She said you don't hit it right so she just tryna spend  
the night  
You smoke on the regular but we smoke on that  
kryptonite  
My whip it got paper plate  
Your ain't got it in your life  
Ahh

[Chorus:]

This the realest that you ever seen yeah  
Ride hard so clean with my seat back  
Blowing money like I never even seen that  
Blowing money like I never even seen that  
Blowing money like I never even seen that  
This the realest that you ever seen yeah  
Ride hard so clean with my seat back  
Blowing money like I never even seen that  
Blowing money like I never even seen that  
Blowing money like I never even seen that

[NH:]

Blow it  
I'm a stunt until the whole world mad at me  
I'm out here killin em again that's somethin sad to see,  
I take my boys out to the mall they pop and tackle me  
Get anything you want my niggers, eatins what I'm  
glad to see  
Here's where I'm glad to be, I thought I'd let you know  
I'm still stuntin hard fucking bitches, getting dough!  
You heard me? my pockets sittin high  
I buy shit, I don't even know why!  
Cause I got money  
I was born just to shit on nigga  
Come through in maseratis with the kid on niggas  
That's light work  
Lamborghini bucket seats with the pipework  
Now that's tight work!  
They say money talk, what you try to say?  
Dumb kids I got more louies than kanye  
I don't know what type of games you try to play,  
But I be getting money, is what I'm tryin say

This the realest that you ever seen yeah  
Ride hard so clean with my seat back,  
Blowing money like I never even seen that  
Blowing money like I never even seen that  
Blowing money like I never even seen that  
This the realest that you ever seen yeah  
Ride hard so clean with my seat back,  
Blowing money like I never even seen that  
Blowing money like I never even seen that  
Blowing money like I never even seen that
