I can carry this so far and then something must give  
way  
Searching a lifetime for nothing wouldn't seem fair  
Bored by the overdone drama of it all  
Puzzled by the thin antique face there on the wall  
Following something that someone said must be there  
Pull back the reins and slow this mother down I'm  
falling off  
The faster you move the closer to the end and there's  
a lot that I haven't done

I can see for the most part things that might drift away

and with the speed that they pick up something must  
be there

So I pull back the reigns...

It's so simple when it's all brand new  
Somehow it all catches up with you  
Just don't let it slice you up and pass you around

I will pull back the reins...
