Show me your reasons to fight

The new world tonight

I will be here by your side

So true

Because I can't see truth from my eyes

They blinded me with rules from when I was a child

Because all around the vain ones decide

The ways in which we live our lives

Show me the truth that you hide

The world needs to know

That there'll be no sacrifice

The love we share has to grow

Take off that burden that persists

There'll be no miracle to make you fit

And look deep into my eyes

You'll see the truth you long to find

We'll breath

Our dreams

We'll scream

Louder so we'll be seen

Show me the tears that you cry

Some problems can cut deep inside

But I believe there's a way to climb up

Out into another time

Where we'll breath

Our dreams

We'll scream

Louder so we'll be seen

Love is freedom
