I love you, I love you  
And this is eternal

It's love, true love  
That brings my heart to you, home to you girl, yeah  
And it's the same deep feeling of love  
That brings you close to, to me baby

Oh but tonight I want my arms  
And body wrapped all around you, all around you  
For as close as we both are so much closer we will be  
Believe in me, yeah

Here and now, I wanna take a lover's vow  
I want you to come with me now  
Let's make tonight the first night of a love eternal

Day and night, we'll have an everlasting life  
I wanna feel it shining bright  
Let's make tonight the first night of a love eternal

Here in this place our passions move  
Move in slow motion, oh while the rest of the world  
In real time passes by, rushes by

Oh I expressly forbid any heartache to ever, ever, ever  
Ever come anywhere, anywhere, anywhere near you  
girl  
Oh we'll use our love as protection, you'll never, never,  
never, never  
Never have to cry, oh, dry your eyes

Here and now, I wanna take a lover's vow  
I want you to come with me now  
Let's make tonight the first night of a love eternal

Day and night, we'll have an everlasting life  
I wanna feel it shining bright  
Let's make tonight the first night of a love eternal

Here and now, I wanna take a lover's vow  
I want you to come with me now

Let's make tonight the first night of a love eternal

Day and night, we'll have an everlasting life  
I wanna feel it shining bright  
Let's make tonight the first night of a love eternal

I'll dry your eyes baby, ooh!

Here and now, I wanna take a lover's vow  
I want you to come with me now  
Let's make tonight the first night of a love eternal

Day and night, we'll have an everlasting life  
I wanna feel it shining bright  
Let's make tonight the first night of a love eternal

Here and now, I wanna take a lover's vow  
I want you to come with me now  
Let's make tonight the first night of a love eternal

Day and night, we'll have an everlasting life  
I wanna feel it shining bright  
Let's make tonight the first night of a love eternal

Hey, ooh, ooh baby, oh, Lord have mercy  
You see all I know is I love you girl  
And I need you baby, ooh wee, ooh wee  
Ooh wee, ooh wee baby

Ah, ah, ah, feel your body all around me baby  
And I don't need no one but you girl  
Oh for the rest of my life  
Your life and my life, we'll be eternal  
(Baby our love's eternal, baby my love is eternal)  
(Baby our love's eternal, baby my love is eternal)  
Yeah, oh I need, trust in you girl  
(Baby our love's eternal, baby my love is eternal)  
Nobody can tell me anything anything, anything about  
you baby  
(Baby our love's eternal, baby my love is eternal)

You been good to me girl, oh, this is forever baby  
Forever and ever and ever and ever ever, ever, ever  
(Baby our love's eternal, baby my love is eternal)  
It's eternal forever, ever, ever, ever, ever ever  
(Baby our love's eternal, baby my love is eternal)

Oh, I  
(Baby our love's eternal, baby my love is eternal)  
I love you  
(Baby our love's eternal, baby my love is eternal)

I really, really, really, really, really really, really  
(Baby our love's eternal, baby my love is eternal)
