Is love behind me?
Though I need you to satisfy me
Destiny will prove to divide me
For you're a part of me

I feel the love within you
Your beauty lies deep within you
Touching me when you feel the need to
Become as one with me

So let me down easy
If ever you were to leave
My love, let me down easy
For all I know is you

Take you for granted
That could never, never be an advantage
All this love and free from demanding
You have always felt the need to be pleased

And you stay close beside me
Though our minds were free for deciding
The life to lead and desiring
To see what they can see

Ooh, let me down easy
If ever you were to leave
My love, let me down easy
Ooh

Ah, spending time, time with you
Counting the days of my life
Oh, hoping that
That with me, you will stay

So let me down easy
If ever you were to leave
My love, let me down easy
For all I know is you

Being around you
Lovely things I feel are about you

Being strong until I'm without you
For you're the strength in me

And you give me inspiration
Realizing that it has taken
More love and more love makin'
To fulfill my every need

So for me, let me down easy
If ever you were to leave
My love, let me down easy
If ever you were to leave

My love, let me down, oh, easy
If ever you were to leave
My love, let me down
Let me down, let me down easy, baby

Oh, ho, let me down
Hey, down, down, down, down easy
Hey, if ever, if ever, ever
Ever you were to leave me
