Girl, let's fall in love, think it over, girl  
Come a little closer, girl  
Hey, let's fall in love, think it over, girl  
Come a little closer, girl

All of my life I've wondered  
When love would be  
I like to spend my time  
In your company, you and me

Let's fall in love, think it over, girl  
Come a little closer, girl  
Hey, let's fall in love, think it over, girl  
Come a little closer, girl

Everybody needs someone to love  
Darling, it's you I've been dreamin' of  
And I wanna be the one you love  
The story's been told for me  
By the stars above, stars above

Fall in love, think it over, girl  
Come a little closer, girl  
Fall in love, think it over, girl  
Come closer, girl

Whenever you're near  
Good feelings come over me, over me, baby  
Now that I found your love  
Life is so complete, so complete

Girl, let's fall in love, think it over, girl  
Come a little closer, girl  
Hey, let's fall in love, think it over  
Get a little closer, girl

Everybody needs someone to love  
Darling, it's you I've been dreamin' of  
And I wanna be the one you love  
The story's been told to me  
By the stars above, stars above

Fall in love, think it over, girl  
Come a little closer, girl  
Fall in love, think it over, girl  
Come a little closer, girl

Fall in love
