Lyin' beside you
Baby come closer, baby come closer
Touchin' your body
Baby come closer, baby come closer

Oh, let's make love tonight
Love me by candle light, turn off the lights
Oh, let's make love tonight
Love me by candle light, turn off the lights, baby

I'm caught in your passion
Nothin' feels better, it feels so right, baby
Feel me inside you
Nothin' feels better, oh baby

Oh, let's make love tonight
Love me by candle light, turn off the lights, baby
Oh, let's make love tonight
Love me by candle light, ooh baby

Love shadows in the night
Reflects our moods, oh, you're so sexy, woman
Love so intense, so full of life
Oh, you just lose me within the fragrance of your body

Let's take our time tonight
And I'll love you tender, oh, you know that, baby
So come with me tonight
Oh, it's alright

I'm touchin' your body
Nothin' feels better, oh, come closer baby
I'm caught in your passion
Nothin' feels better, it's alright now, ooh

Oh, let's make love tonight
Love me by candle light, oh, it's alright woman
Oh, let's make love tonight
Love me by candle light, do it right

Come closer, let's make love, baby
Come closer, let me love you sugar, ooh

Oh, let's make love tonight
Love me by candle light, all night baby
Come closer, oh, good baby
I like the way you hold me tight woman, ooh

Oh, let's make love tonight
By candle light, all night baby
Come closer, I want you closer
Love me sugar, right here baby, ooh

Oh, let's make love tonight
Oh, I've got the candle lights, baby, ooh
Come closer, stay with me baby
Turn off the lights
