Sanctuary
Is what you
Are to me
Yeah
No dictionary
Can find
The words to say
How much
I love you
Hallelujah
It's bout time I found someone Whose gonna love me
For me
Hey Miss Beloved
Since you come into my life
And unlocked the door
To my heart
I've been free

Many have called
But the chosen are few
Yeah
Said there's so few
That's why I'm so happy
Woman
To be lying next to you
Yeah

Prize possession
You're my
Movie star
My near or far
My everything

You are my
Prize possession
You are my cozy nights
My fireplace
My sweet melodies

You put the light at the end of my
Tunnel
Yes you did

And you did not let me die

When it looks like life was gettin' away

From me

Ohhh

You loved

And clothed

And you fed me woman

I remember

Momma

You're my best friend

I love you

And woman you've got to know your

My prize possession

Said you are my

Movie star

My near or far

My Christmas carol

Prize possession

You are my

Cozy nights

My fireplace

My sweet melodies

Lady April

Let your rain fall down

It's much cozier when it's wet

We can cuddle up together

Oohhhhh

Aww!

C'mon suga

We can weather any storm

A family that prays together

Will stay together

Prize Possession
