### "Secret Lover"

*[Intro]*

La da da da da la da da  
Oh yeah  
La da da da da la da da  
Oh, yeah yeah  
Oh

I been waiting for you girl  
So much on my mind I wanna to do  
(Like) lay you down  
(And like) mess around  
(Like) all night long  
Girl, let's get it on

*[1]*

My secret lover  
My mystery girl  
I wanna play hide and seek  
Baby, let's creep between the sheets tonight

My secret lover  
My mystery girl  
I wanna play hide and seek  
Baby, let's creep between the sheets tonight

My door is open wide, let me come inside  
Shadows fill the room from the candlelights  
See our bodies moving to the groove, yeah  
So girl let's get it on, ain't no time to loose

You got me on cloud nine  
And I don't wanna come down  
Your lovin' soothes my soul  
And I love it when you come around

*[Repeat 1]*

This meal is on my plate  
I can't wait to taste, taste you girl  
Good lovin' going down all around this place

(Like) upstairs  
(And like) down there  
(Like) everywhere  
Woman, I don't care

*[Repeat 1]*

If the wind blows, no one knows  
'Bout the hiding place on my porch  
You body's cold, let me step to you  
And rub you down nice and slow  
Nothing but the water  
And opportunity for you and me  
So baby girl just ride my wave  
Until the next day  
Can't you feel me babe, oh baby

My secret lover  
My secret lover
