Tell me when you need it again
Tell me when you need it again

What's comin' over, you're mine
You owned it my sugar this time
We're good together I know
Why would you go and lookin' for new love, tomorrow?

Why don't you tell me when you need it again?
Come on and tell me when you need it again
Why don't you tell me when you need it again?
Why don't you tell me when you need it again?

Tell me when you need it, baby
I can keep you satisfy
Tell me when you need it, baby
So, I can keep you satisfy

You say we needed a change
'Cos we'd be doin' other thing
But when you feel it, my touch
You would be complainin' as much

Why won't you tell me when you need it again?
Come on and tell me when you need it again
Why won't you tell me when you need it again?
Come on and tell me when you need it again

Come on and tell me when you need it again
Why don't you tell me when you need it again?
Come on and tell me when you need it again
Come on and tell me when you need it again

Come on and tell me when you need it again
Come on and tell me when you need it again

Tell me when you need it again
Tell me when you need it again
Tell me when you need it again
Tell me when you need it again

You say you need it my sugar

Now you're changin' your mind
Why don't you get it together?
It's not wastin' my time

Well, well, well, well
Tell me that you needed me, babe
So I can [Incomprehensible] to satisfy
Tell me when you need
So I can [Incomprehensible] to satisfy

Tell me, tell me, tell me
Tell me, tell me, tell me
Tell me, tell me
