(Papi)

Could you love me tonight  
On a warm summer's night  
It would be so nice tonight  
([Foreign Content])

(Papi)

Could you love me tonight  
On a warm summer's night  
It would be so nice

Girl, do you know who you're steppin' to  
Do you know the things I can do for you  
I'm Mr. Biggs, I'll keep you jiggs  
Give you cash, money, rubys, emeralds, diamonds,  
honey

In a minute, I'll be in it  
Hit it from the top, from the bottom, from the side  
Open wide, let me slide  
You can run but baby, you can't hide

(Papi)

Could you love me tonight  
On a warm summer's night  
It would be so nice tonight  
([Foreign Content])

(Papi)

Could you love me tonight  
On a warm summer's night  
It would be so nice

This is where you oughtta be  
Lying here touchin' you, you're stroakin' me  
Keep it hot, show me what you got  
Just like that, hit it back to back  
From the back

In a minute I'll be in it

On the bed, on the couch, on the chair  
On the floor, everywhere  
Open up and I'll go there, yeah

(Papi)  
Could you love me tonight  
On a warm summer's night  
It would be so nice tonight  
([Foreign Content])

Could you love me  
(Papi)  
Baby, I'm beggin'  
Baby, I'm beggin', beggin' baby  
(Papi)

My body's calling for you, yeah  
Baby, I'm beggin'  
Baby, I'm beggin', beggin' baby  
(Papi)  
My body's calling for you, yeah

(Papi)  
Could you love me tonight  
On a warm summer's night  
It would be so nice tonight  
([Foreign Content])

(Papi)  
Could you love me tonight  
On a warm summer's night
