Here I am lovin' you
You're like a dream come true
For so long I've waited for this time
Girl what you mean to me

In reality, you what I ever hoped for
You will always be
More than right for me
Each day I love you more

Well, what it comes down to
This is all I want from you
Yeah, same you want from me that can only be
Love and understanding

For what we have at stake, a little give and take
It's better than demanding

Why do we stay together
Talkin' about you and me?
You got your reasons
I got mine

Oh, if it had to be, one and only me
Sure would be a drag now
Need somebody who, needs somebody to
Keep from bein' sad now

Well, what it comes down to
This is all I want from you
Same you want from me that can only be
Love and understanding

For what we have at stake, a little give and take
It's better than demanding

Ah, what it comes down to
This is all I want from you
Same you want from me that can only be
Love and understanding

For what we have at stake, a little give and take

It's better than demanding

Well, what it comes down to
That's all I want baby
What it comes down to
That's all I want from you

What it comes down to
That's all I want baby
What it comes down to
That's all I want baby

What it comes down to
That's all I want from you
What it comes down to
That's all I want baby

What it comes down to
That's all I want from you
What it comes down to
That's all I want from you
