Oh no, no, no, no, no
No, whoa
I still love you, baby
You know, you know

You didn't see me
But I saw you
You didn't see me
But I saw you

I can remember those nights and days again
Sometimes I cry for what might have been, babe
You say you love me but how do you know?
If I didn't leave you then where did you go?

You didn't see me
But I saw you
You didn't see me
But I saw you

Whatever is going on inside your mind
Think about us, think about us and give us some more
time
And there's so much more I'm leaving unsaid
'Cause there's that little voice inside of your head

You didn't see me
But I saw you
You didn't see me
But I saw you
It's all about you, girl

You're all about yourself
You can't see nobody else
You're all about yourself
You can't see nobody else

You're all about yourself
You can't see nobody else
You're all about yourself
You can't see nobody else

You didn't see me
But I saw you
You didn't see me
But I saw you

No, you didn't see me tonight
But I saw you
You didn't see me
But I saw you
It's all about you, girl

You're so into yourself, babe, oh yes
Ah, you can't see nobody, nobody else
But I saw you, baby
'Cause it's all about you, girl, oh yeah
It's all about you
