Blessed are your eyes that have seen  
And your ears that have heard these wonderful words  
(Wolde wolde wolde wolde)  
Yea, dem a fight against Rastaman philosophy  
Dem heart well set and fixed  
Yes their mind all dressed in dem pride and vanity  
Dem say we born in sin and shame and iniquity  
By the works of the almighty  
So don't let them fill up your vocabulary  
With a whole lot of things and them no necessary  
Yes, give us the teachings of His Majesty  
One and all got to face this reality  
Say we all got to face this reality  
And when you coming say fe coming with your posse  
Take a taste of this living water and you will never  
thirsty '  
Dem say Say that the half have never been told  
Say you fe come a with your heart and soul  
Don't be hypnotized  
Only the fittest of the fittest must survive  
Survive Got to stay alive  
We got to survive  
Survive. Survive.

Say when you coming say fe come with your posse  
Take a taste of this living water and you will never  
thirsty  
Dem say-say that the half have never been told  
Say you fe come a with your heart and soul  
Don't be hypnotized  
Only the fittest of the fittest must survive  
Survive Survive Survive  
Got to stay alive-We got to survive  
Trodding through the valley of the shadows of the  
wicked  
We fear no evil  
Tell them-a tell them we fear no foe  
Say we don't care about them sound and pressure  
In this tradition there ain't no measure  
We got to survive  
I and I and I...
